

NITROGEN

The Boubin Tire & Automotive Shops of Independence and Manchester have purchased a Nitrogen generating machine. Nitrogen can be used instead of compressed air to inflate tires with the following benefits:

- Nitrogen maintains tire pressure better
- Nitrogen keeps tires 20% cooler
- Uses less fuel and prolongs tire life
- Tests have shown Nitrogen to reduce tire failures by as much as 80%
- And improves handling and performance

NOW AT BOUBIN'S NITROGEN FOR YOUR TIRES

I'M FILLED WITH
NITROGEN
THEREFORE I
GET INCREASED
TIRE LIFE,
IMPROVED FUEL
ECONOMY AND
REDUCED TIRE
AGING. I'M A
HAPPY TIRE!

I'M FILLED WITH
COMPRESSED AIR
THEREFORE I
LOSE AIR
PRESSURE, WEAR
OUT SOONER AND
USE MORE FUEL
TO OPERATE.
PLEASE HELP ME!
